

The Metropolitan Museum Of Art HandBook Of A Collection Of Chinese Porcelains

Filesize: 9.47 MB

Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

Read Books, United Kingdom, 2008. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.PREFACE. This Hand-book is necessarily limited in scope, and is not intended for the solution of vexed questions, nor in any way to supersede the more elaborate treatises on Chinese ceramics, The Garland Collection now on exhibition embraces various types important and noteworthy for their colored decoration and their component paste including, naturally, not only the beautiful, but the grotesque and curious as well. Though no attempt has been made to arrange the collection chronologically, the examples fairly cover the history of Chinese ceramic art for the periods which are held in regard to-day. The Chinese attained their preeminence in this art centuries ago, a preeminence not surpassed by any modern advance. The colors of their ancient pieces possess greater vividness and depth their forms, an originality and elegance of their own . The work which affords native testimony respecting the history of Chinese porcelain, and the places at which it has been manufactured, is the *Histoire et fabrication de la porcelaine chinoise*, translated from the Chinese by Stanislas Julien, with notes and additions by M. Ruphailse Salvetat Paris, 1856. The leading scientific works on the nature of porcelain and its chemistry are the *Trait des arts dramiques*, by Al. A. Brongiliart, Paris, 1844 and *La Porcelaine*, by 31. Gcorgcs Vogt, Directeur de Skvres, a thoroughly technical work on both European and Chinese Porcelain. *Porcelaine de Chine*, par M. O. Du Sartel, laris, 1881, a work of great value, and beautifully illustrated. Probably the latest important work is *La Ceramique chinoise*, by M. Ernctst Grandidier, Paris, 1894, whose collection is of world-wide reputation, and as recently given to the Louvre in Paris. History of Pottery and Porcelain...
