I agree it is not a fair fight, but we can least give it a try. Combating earthquakes does not mean that you will have the power to overturn it, but it does mean that you have the wit to minimize your losses, at least those that are somewhat in your hands. This book tries to give you a thorough insight into the scenario of the earthquake. We begin by making you realize that your reactions will always vary with your positions and the steps that you have to take will be different in each situation. Evacuation strategies are followed by the analysis of scenarios, and then we introduce...
