Standard Oil Company Indiana) 28a 72 West Adams Street Chicago, U.S. A. Here s Some Interesting Experimental Data A noted Scientist and Director and Experimenter in Psychology in one of our Universities recently performed some elaborate experiments on sixteen students, divided into four squads. In testifying before the court at the famous trial at Chattanooga, won by the Coca-Cola Company, he said in describing his experiments: The object of my experiment was to determine the effect of caffein alkaloid, in the first place, and in the second place Coca-Cola syrup with and without caffein, on the mental and motor processes. The experiments covered the working hours for a period of thirty-five days and included nine different tests of mental and motor efficiency such as the color naming test, the calculation test, type-writing test, etc. The students were kept in ignorance as to whether they were taking caffein (in capsule) or merely a white powder (sugar) or whether they were taking genuine CocaCola or Coca-Cola without the caffein. The results of their work were recorded by assistants who were also ignorant of what the students were taking. At the conclusion of the period of thirty-five days the Professor reviewed the reports of their...
