Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.HERODOTUS was born at Halicarnassus, on the southwest coast of Asia Minor, in the early part of the fifth century, B. C. Of his life we know almost nothing, except that he spent much of it traveling, to collect the material for his writings, and that he finally settled down at Thurii, in southern Italy, where his great work was composed. He died in 424 B. C. The subject of the history of Herodotus is the struggle between the Greeks and the barbarians, which he brings down to the battle of Mycale in 479 B. C. The work, as we have it, is divided into nine books, named after the nine Muses, but this division is probably due to the Alexandrine grammarians. His information he gathered mainly from oral sources, as he traveled through Asia Minor, down into Egypt, round the Black Sea, and into various parts of Greece and the neighboring countries. The chronological narrative halts from time to time to give opportunity for descriptions of the country, the people, and their customs and previous history; and the political account is constantly varied by rare tales and wonders.
